

Thank You Readers!

We work hard behind the scenes to make the paper progress as usual. However, money to do so is always a problem — if you see fit to send us money we will use it to improve our websites as well as this tabloid. Our homeless and/or abused vendors receive \$18,000+ monthly through our volunteer efforts but the money doesn't get back to us. We're in our 10th year; we donate below cost or even free to all of our street vendors who are sometimes fined \$95.00 by police even when they have written permission to stand in front of a store; we know you are hooked on buying *Toronto Street News* — so send us some support money directly! Our defense fund also needs money to survive against even more powerful negatives forming up currently; Federal grants for writers are given to other papers at your taxpaying expense. Harper blacklists us from all government advertising for Canada Savings bonds, etc. *Can-West Global TV/National Post/Mossad* researchers do not write info for Canada's best interests apparently as it continues falling as a penny stock at as low as 34 cents. Now they're laying off employees too.

Our Jewish owner does not appreciate backbiting by zionists.

Commissions are paid for acquiring newsstands, gas stations, etc. to accept *Toronto Street News* for sale.

The pen is mightier than the pig. — VPF

Thomas Jefferson Knew About The Banksters

"I believe banking institutions are more dangerous to our liberties than standing armies!

If the American people ever allow private banks to control the issue of their currency, 1st by inflation, then by deflation, the banks & corporations that will grow up around the banks will deprive the people of all property until their children wake-up homeless on the continent their fathers conquered."

Pray For The Speedy Peaceful Dismantlement Of The State Of "Israel"

The Secret Government / Hidden Mysteries Magazine

by Derek Wilson ~ New Zealand

The Rothschild approach was reportedly summed up by Mayer Amschel himself: "Give me control of a nation's currency and I care not who makes the laws." When Rothschild's son Nathan died, his eldest son, Lionel, took over, making massive loans to the British and American governments and others, including some \$80 million to Britain to finance the Crimea War. Lionel was succeeded by the second Nathan, the first Lord Rothschild, who took his seat in the House of Lords in 1885. He became the governor of the Bank of England (the Old Lady of Threadneedle Street) with unlimited power over the world's financial system. That power has not diminished - far from it - it has simply expanded with new empires like that of Morgan and Rockefeller, so that in the closing decade of this century the power and the control of the world's financial system behind its many 'fronts' is completely in the hands of the Global Elite and is enormous.

Our homeless need \$1,000
for food, backpacks, etc. that we give away.
It was cut off this year by zionists who no longer donate for homeless.
