

Poetry By Angel Femia / LoveCry

Just a Thought!

Angel Femia
 Watch that look
 I may get stuck on you
 That glare can become you
 Your anger seeps out of you core
 The games you play
 Just tipped the scales

Into the trash
 Go the plans, manipulations and schemes
 All that work for not, a waste
 And now disappointed begins to rise
 Rotting your guts from within
 As your head hangs down, in despair
 Just lost the race

Maybe your way
 Needs some change, some life
 Maybe the lies, and just plain malice
 Are not the roads to lead
 Try a little honesty
 Just a thought!

Inside Out!

Angel Femia
 Now you begin
 To build your web
 On the backs of those
 Who care --- who love
 The kind giving, forgiving people
 The ones who stand you up in support
 Through out your life,
 You use, you mock
 You abuse and turn your back
 Make sure you get that right
 All have to truly believe
 Your truth, your illusions, your LIES
 Remember this story well,
 That's spouting from your lips
 You will have to tell it again, and again
 Put the pauses in all the right pots
 Making sure you keep yourself clean
 No one can ever know
 You've tuned the truth, reality
 Inside Out!

Did You Ever Care?

Angel Femia
 I thought I was in love

I believed it was with you
 You told me that you were
 Now I don't have a clue
 One day you say you love me
 The next you say you don't
 What should in such confusion
 Then you just say I won't

Controlled love is what you give me
 It's there when you are feeling good
 But take away any of your toys
 And in comes the negative flood

When I go to leave this
 Confusing love affair
 You grab my hand and hold me
 The possession just fills the air

This leads me to wonder
 If you ever cared
 I can't stay in this confusion
 It makes my heart so scared

I thought I was in love with you
 As you with me as well
 But I see now that was wishes
 I'll leave you to your hell.

Love

Angel Femia
 To the light in my heart
 I cheer
 To the gleam in my eyes
 I bow
 To the love in my soul
 I surrender
 Why?
 For the light in my heart
 Is God
 The gleam in my eyes
 Myself
 The love in my heart
 The power
 To change what is changeable
 And stabilize the rest
 I open myself to the universe
 This I respect.

Who are you Any Way?

Angel Femia
 You walk into my life

I am unaware of your games
 You seduce and pretend
 To be someone you are not
 You say you're my friend
 Promises are made
 But never kept

Here have a gift
 What conditions were attached?
 You say you care
 But do you listen when I speak?
 Or you take the entire floor
 Do you let me speak at all?
 And if you herd me
 Did you catch the part
 Where I said you are hurting me
 Do you even care how or why?
 Who are you anyway?

**Someday,
 We Will Find The Truth!**

Angel Femia
 Someday we will see
 And feel the pain
 We caused others with our selfishness

Someday we will cry
 Like the many
 We stung with our greed

Someday we will witness
 Our resentful souls
 Our eyes will open

Someday we will be
 Open to love
 It will rip wide our hearts

Someday we will beg
 For someone to care
 But we have cared for no one

Someday we will learn
 That all we hate
 Is really our selves.
 Turn Around!

Breakdown

Angel Femia
 I am watching myself
 As the atmosphere invites me in
 Life slowly draining from my body
 Moving is a chore
 Walking is so painful , it's just not done

It's now draining my most inner thoughts and
 dreams
 And covers them over with darkness
 My aura loses its brightness
 My colors fade to grayness
 Emotions dulling in deep analyzation

Senses are turning off
 The draining is almost complete

STOP!
 Now I will open eyes
 Take a look at what is seducing me
 One step further,
 The energy is pulling me in
 But if I dare enter
 My very existence will change
 Forever
 If what I am to become is better than what I
 am
 I will go on
 But if a glimmer of doubt is what I See
 I will run out of this atmosphere before it's too
 late.

Reach Back
 Open your mind and heart
 Listen to the thoughts
 Of the people who have touched your life
 How deep is the damage
 The pain they wont set free
 Feel the center of their minds
 Watch for hidden clues
 They tell you how near or far
 Screaming stay back in a harsh screech
 Yet come close in a mild sweet key
 Tread softly but don't turn away
 Eyes open for danger signs
 But don't remove your heart
 Find your strength
 Pull out their pain
 Then softly walk away
 Until they reach out their hand to you.
