

Terrorist Bush War-Crimes Saga Continues!

The Yankee Lie About Russians In Georgia!! 1,000 U.S. troops served as military advisers for Georgian assassins who murdered 1,450 civilians 4:00 a.m. Olympic Time!

Fact List About South Ossetia Province Of Christians

1992: By International agreement, following a 95% majority vote by South Ossetians to stay in Russia — international peacekeepers included Russians who allowed the province to maintain itself as an independent government within the state of Georgia. It was not recognized further as an independent state because of its small population.

2008: For the summer months of 2008, Israel supplied 1,000 mercenaries to advise the Georgians on the pending invasion and assassination of the South Ossetian's civilian population. The invasion of their own province began with the point-blank murder of fellow Russian peace-keepers and the artillery shelling of the capital which killed 1,450 civilians. Approximately 25,000 surviving members of that capital fled for their lives into Russia. The Russians drove tanks into the area to protect their fellow citizens who maintained Russian passports and North American press lied about Russian bombings of the civilian airport and sea-

ports. 1,000 U.S. troops advised the Georgian military.

Israel and the United States supplied one billion in arms supplies.

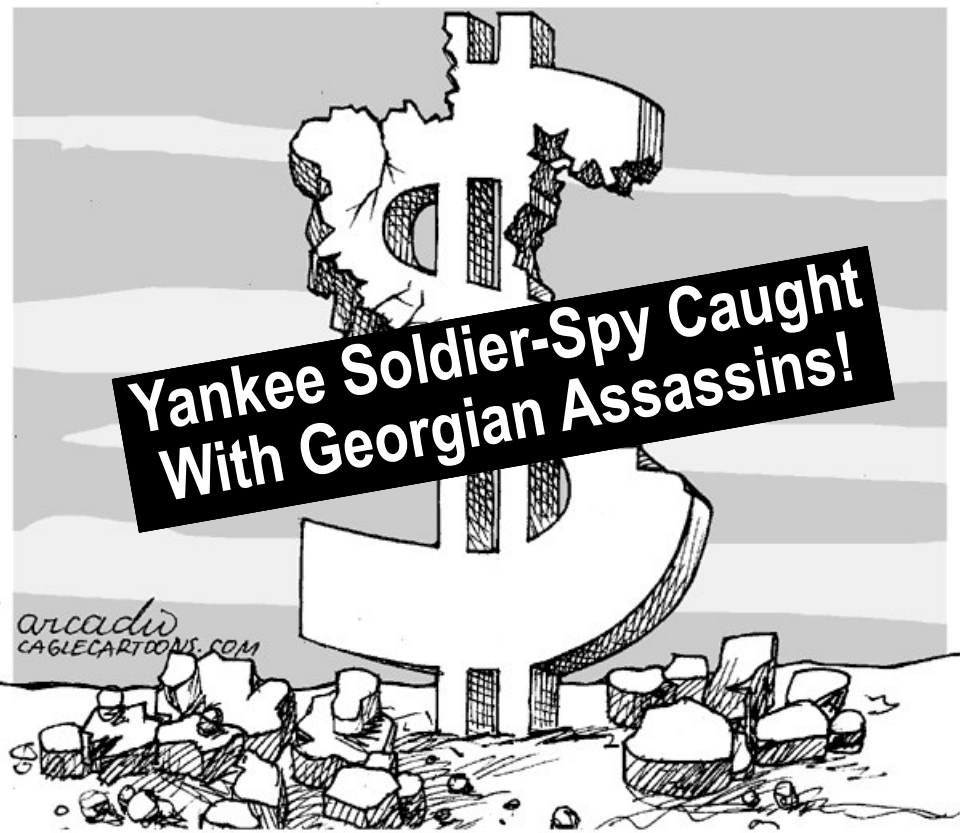

Billionaire speculator George Soros was involved.

The Israeli army supplied an army commander for the Georgian army.

An Israeli newspaper chortled success as Israeli training had helped kill Russians.

Gates, head of the U.S. forces stated that the seaport and airport did not need U.S. military occupation as they had not been attacked and aid could take place without military force as Bush's claims of damage reports were simply propaganda lies brought forward by Sashkavili, the leader of Georgia.

Sashkavili is wanted for his role in the war crimes as he is an apparent pawn of U.S. and Israeli plans to expand their plans for further take-over of oil and gas pipelines in the region.

Sydney White Lectures resume

Sydney's popularity increases with every appearance she makes on radio, as a speaker at Canadian rights demonstrations

and other personal appearances. She grew up in Toronto's Beaches and worked as an investigative reporter at the United Nations for decades. Her articles appear in monetary and academic publications across Canada including To-

Bush Doing Question & Answer Session For Kids

President George W. Bush goes to a primary school to talk about the world. After the brief talk he offers question time for the students. One little boy puts up his hand, and the President asks his name.

"Kenneth."

"And what is your question, Kenneth?"

"I have three questions" the boy says.

"First - whatever happened to those Weapons of Mass Destruction?"

Second - why would you run for President after all the trouble your father had?"

And third - How can you be President if the other guy got more votes?"

Just then the bell rings for the kids recess. President Bush informs the kiddies that they will continue after the break.

When they resume George says, "Okay - where were we? Oh, that's right, question time. Who has a question?"

A different little boy puts his hand up.

The President points and asks him what his name is.

"Larry."

"And what is your question, Larry?"

"I have five questions" he said.

"First - whatever happened to those Weapons of Mass Destruction?"

Second - why would you run for President after all the trouble your father had?"

Third - How can you be President if the other guy got more votes?"

Fourth - why did the recess bell go off 20 minutes early?"

And fifth - what happened to Kenneth?"
