

## Israel Inspired Georgian Assault For Rothschild Oil/Gas Pipelines!

**THE NAME GAME** by Barry Chamish  
 Poor Shirley Ellis. She had a top five song in 1964 called The Name Game. The game was played by replacing the first name of the player with another consonant. Sadly, the songwriter foolishly made F one of the consonants, so Shirley gave up performing the song with crowds when every player's name was magically Chuck or Bart.

But such is not the fate of the phoney Jews bringing down Israel. We can trace the names and ultimately prove their association with the Council On Foreign Relations, the Vatican and the Sabbataians. But we are jumping way ahead.

I do not use the Debka File as a source, since I was burned by them years ago with false information. However, if the following report IS true, then Israel trained the Georgian forces at war with Russia:

DEBKAFfile discloses Israel's interest in the conflict from its exclusive military sources, Aug.8:

Last year, the Georgian president commissioned from private Israeli security firms several hundred military advisers, estimated at up to 1,000, to train the Georgian armed forces in commando, air, sea,

armored and artillery combat tactics. They also offer instruction on military intelligence and security for the central regime. Tbilisi also purchased weapons, intelligence and electronic warfare systems from Israel.

These advisers were undoubtedly deeply involved in the Georgian army's preparations to conquer the South Ossetian capital Friday.

In recent weeks, Moscow has repeatedly demanded that Jerusalem halt its military assistance to Georgia, finally threatening a crisis in bilateral relations. Israel responded by saying that the only assistance rendered Tbilisi was "defensive."

This has not gone down well in the Kremlin. Therefore, as the military crisis intensifies in South Ossetia, Moscow may be expected to punish Israel for its intervention.

This is not the first time I have claimed that fake Jews have interfered in Russian affairs, to the ultimate near ruination of real Jews. Recently I reported that Stalin had three Jewish wives and that all his progeny were legally, Jews:

Stalin had three wives, all of them Jewesses.

The first was Ekaterina Svanidze who bore him one son, Jacob. His second wife was Kadya Allevijah. She bore him a son Vassili, and a daughter Svetlana. His second wife died in mysterious circumstances, either by committing suicide, or murdered by Stalin. His third wife was Rosa Kaganovich, the sister of Lazar Kaganovich, who was the head of Soviet industry.

Stalin's daughter (who in 1967 fled to the USA) then married Lazar's son Mihail i.e. her step-mother's nephew. Svetlana Stalin had a total of four husbands, three of them Jewish.

Stalin's vice-president Molotov was also married to a Jewess, whose brother, Sam Karp, runs an export business in Connecticut. Just to complicate things even more, the Molotov's (half-Jewish) daughter also

called Svetlana was engaged to be married to Stalin's son Vassili.

More information on Stalin, Trotsky, Lenin, and others is available on-line the Hoover Institution Library and Archives at <http://www.hoover.org/hila/russiaandcis.htm>.

Georgia, sadly, is not the only place on earth targeted for ruin by the Sabbataians. Now we enter the realms of the real Name Game. Let's begin, naturally enough, with George. The man who hates the Israeli settlers and the Right, so puts his money into causing an uprising in the former Burma. And the game is on with lots of dead.

George, George bo George  
 Banana Fanna Fo George, Fee Fi Fo Meorge Soros

Now Daniel: Shimon Peres' financial partner and co-defendant in the murder of Utah Congressman Wayne Owens, is spreading harmony and death in the Middle East.

Daniel, Daniel bo Babaniel  
 Banana Fanna Fo Faniel, Fee Fi Fo Maniel Abraham

Now Mark. From the folks who brought a Nazi pope into a synagogue, a big hand for Mark who spreads Ethic Understanding. Everybody, Mark:

Mark, Mark bo Bark  
 Banana Fanna Fo Fark, Fee Fi Fo Mark-Schneier

And for the finale, a tough one, Madeleine: Who forgot that her whole family is Jewish and is now making up for it by setting up bloody puppet governments.

Madeleine, Madeleine bo Badeleine  
 Bana Fanna Fo Fadeleine, Fee Fi Fo Madeleine Albright

Read the names below, not a kippa-wearer in the lot. All undermining Israel fatally by destroying the "settlers," all ultimately working for the CFR, and all engaged in undermining nations by supporting unwanted movements which kill en masse to effect their changes in the existing order.

"The president of the Committee is Randy Scheunemann, Trent Lott's former chief national-security adviser. Last year Scheunemann worked for Donald Rumsfeld as a consultant on Iraq policy ... "Physicians for Human Rights (Israel) have lambasted the Israeli Medical Association (IMA) for its silence in the face of these systematic violations of the Fourth Geneva Convention against the Palestinian people], which guarantees the right to health care and the protection of health professionals as they do their duty. Remarkably, IMA president Dr Y Blachar is currently chairperson of the council of the World Medical Association (WMA), the official international watchdog on medical ethics. A supine BMA appears in collusion with this farce at the WMA." -- D. Summerfield, British Medical Journal, October 2004

Crash of Small Plane Leaves Three Dead - Aug. 8

A light plane crashed during landing on Thursday afternoon, in an airfield near Haifa. Three passengers were killed, among them Doron Amir, a Lt. Col. in the reserve services who commanded the navy's submarine fleet and later served as the army's attaché to Holland and Scandinavia.

Reuben Zigler, who was a naval construction expert, was also killed and the third victim was identified as 58-year-old Uri Levy of Kfar Shariyahu.

See, you figured the last one out without help.

I have done good interviews with Stan Monteith and Bill Deagle this week. But my radio show recorder insists the following is special:

Another reader, who insists on remaining unnamed, but has written long and well on shadow politics, has joined the suspect

hammed Suleiman, the foundation's lawyer, after he walked out of the court room.

But he highlighted that although the foundation presented clear evidence on the presence of the graves in the site supported by drawings of the burial grounds and names of the buried persons there, it doesn't expect the court to be fair and just in the case, disclosing a number of previous situations in which the court was biased to the Israeli side.

"This is a very sensitive matter that insults human dignity and desecrates sanctity of the dead people, and we shouldn't remain arms-folded vis-à-vis those heinous crimes", asserted priest Romanos Redwan Saks, one of the displaced inhabitants of the village as he participated in the sit-in.

"It is unfortunate that the Israeli prosecution insisted to turn those Muslim and Christian cemeteries into pens for cows although it contradicts all heavenly laws and international and local statutes", said Mo-

## Cattle Pen Settlements Over Christian & Muslim Graveyards

**IOA and settlers turn Muslim and Christian cemeteries into animal pens**

OCCUPIED JERUSALEM, The Israeli prosecution and fanatic Israeli settlers have insisted on Tuesday to desecrate sanctity of Muslim and Christian graveyards at the Barwa village in the 1948-occupeid Palestinian lands, and to turn them into animal stockades.

They alleged that there were no graves in the area, but the Aqsa foundation that caters for Muslim and Christian holy shrines in occupied Palestine affirmed that the area was full of graves of Muslims and Christians, presenting "definitive" documents and evidence confirming its claims.

Tens of the village's indigenous inhabitants who were displaced and coercively relocated by the Israeli occupation government in

nearby villages, participated in sit-in in front

of the Israeli Supreme Court that looks into the case, protesting the Israeli procedures.

Few months ago the Aqsa foundation succeeded in obtaining a temporary restraining order from the court, banning any excavation works and constructions on the graveyards' site.
