**How many policemen were stealing from drug dealers?**  
We received this email::: Dear Vic, I forgot about the first I heard of this stuff. When Constable Todd Bayliss was shot in 1994, they were robbing drug dealers who fought back shooting and killing him. I was working with friends of Todd's brother at the time. My virgin ears rang for a long time. It's funny when you wear a uniform as a robber, you can instantly morph back to a cop to avoid getting caught. —Anonymous former policeman we know.

**Canadian journalist remembers being brutalized by Rae family member; Bob Rae family friend was Maurice Strong!**

**Ben::::** Canada has now promised to send troops to the mideast to protect Israel's borders in a mutual protection alliance no doubt meant to report intelligence information on all Arabs and Muslims in Canada.

Truthers are doomed!!

Munck of American-Barrick Gold and Bronfman each offered \$1,000,000 donations for Canadian troops fighting Arabs in Afghanistan as reported on iChannel. Rae brother at Power donated \$750,000 to get him elected as national Liberal leader last year with more to come this year?

The many Sikh immigrants in Canada also oppose Bob Rae within the Liberal Party. Bob Rae calls this resistance anti-semitism.

Ben Fulford accuses the Rockefellers of having murdered a family member and did interview 92 year old David Rockefeller last year. He has protection of Japanese ninjas and has extended such protection to Toronto Street News as well.

Union organizer and grandmother Maude Rae gave him her Scottish surname Rae. She would be aghast at him running for a Liberal Party.

Bob Rae's father was Canadian Ambassador to Mexico when my father was deputy Ambassador. His younger brother used to bully me horribly. He has since committed suicide.

Anyway, the reason I left Canada was because I could see what was coming and I knew I would have to go to Asia to get help. These Nazis will not get away with what they are planning. Please rest assured of that. Things are happening under the surface. It looks the worst from inside North America right now. **Canada is in grave danger but help is arriving.** The sub-prime crisis is the rest of the world trying to save North America. These people not get away with what they are planning. — Benjamin Fulford, former 7 year bureau chief of Forbes Magazine in Tokyo.....

shoot American citizens who revolt against Bush and the same here -- we will have U.S. troops moving into Canada to shoot Canadians.

Our recent headlines mentioned the presence of groups of U.S. police cars already in Toronto -- they also surveil/harass Canadian natives on their reservations and disputed lands. Bob Rae finds this okay as do most Liberals. He doesn't have to pretend to be a Canadian nationalist now because he represents the old Rosedale riding of millionaires which has been renamed as the ubiquitous 'Toronto Centre'.

Ben -- this whole Canadian thing is going into the dumper -- Canadians are helpless victims -- I appear on radio, have websites, the Toronto Street News, etc. but people are so slow and stupid I believe our small groups of people including some 911

Our friend was kept on the blower for a full two hours (\$700). Our experience with professional Bay Street lawyers indicates they work very fast to get to the root of a problem and don't need to let their clients cry their eyes out for two hours while the \$350/hour counter is running.

Those Canadians who follow the New World Order news are shocked to learn that Rae grew up knowing family friend and notorious criminal Maurice Strong. as 'uncle Mo'. Strong had to hide out in China recently — a very clever character hobnobbing with New World Order types the same as did the Black Lord, Conrad.

**Medical Convention**  
At a recent medical convention, an Israeli doctor says:  
"Medicine in my country is so advanced that we can take a kidney out of one man, put it in another, and have him looking for work in six weeks".  
Then the German doctor says:  
"That is nothing, we can take a lung out of one person, put it in another, and have him looking for work in four weeks".  
So the Russian doctor says:  
"In my country, medicine is so ad-

vanced that we can take just half a heart out of one person, put it in another, and have them both looking for work in two weeks".  
The Texan doctor, not to be outdone, says:  
"You guys are way behind.... About 8 years ago, we took a man with NO brains out of Texas, put him in the White House, and now half the country is looking for work!"

An orthopedic surgeon was moving to a new office, with the help of his staff. One of the nurses sat the display skeleton in the front of her car, a bony arm across the back of the seat.  
On the drive across town, she stopped at a traffic light, and the stares of the people in the neighboring car compelled her to roll down her window and yell, "I'm delivering him to my doctor's office." The other driver leaned out of is

window. "I hate to tell you, lady," he said, "but I think it's too late!"  
A young polar bear asks his father, "Dad, am I 100% Polar Bear?"  
The father bear responds, "Well, son, I am all polar bear, your mother is all polar bear, your grandparents, even your great grandparents are 100% polar bear. So yes, son, you are 100% polar bear. Why do you ask?"  
The young polar bear replies "Because I am really cold!"
