

As Good As You!

Angel Femia
 I don't ever want to be as good as you
 To believe the Universe has made another so
 perfect just for you
 To believe any other should live up to your
 standards of what should be
 To believe that in your mind no one is as im-
 portant as you
 T believe you have the right to throw some-
 one away due to your beliefs
 To say you love someone on a whim to suite
 your temporary needs
 To throw the dice on another's life as you
 would in a game
 Just to make another jealous then throw this
 love away
 To expect another to throw their life away and
 cleave you yours
 To turn away, shut off your love and never
 look back
 To not even hurt or cry due to this loss

NO

I would never want to be as good as you.

Times Of Doubt

Angel Femia
 In times of doubt
 I say a prayer
 To believe in our love
 And hold it dear

Please hear me, my love
 When I call out to you
 I do feel you presents
 And pray you fell mine, too

I sit by the candle
 I light every night
 And dream of a time
 We'll both find the light

Then gone will be doubt
 My prayers all answered
 I'll live out our love
 In harmony for shore

MY BELOVED

Angel Femia
 My beloved
 So far and so near
 Your soul reaches out
 And embraces me here
 When thoughts of you,
 Come to my mind
 My entire being wishes
 To be right by your side
 My energies reach
 To embrace through the air
 With tender love
 To hold and caress you
 With the deepest desires
 Of our love
 I feel your response
 So worm, So passionate, So clear
 As my body responds
 My heart is in flames
 We dance for this time
 And the yearnings do grow
 Till we truly touch in love
 And we unite.

The Gift

Angel Femia
 Please take this love I give you
 From the truest part of my soul
 Nag give it to the world to see

So it will not grow cold

So many souls lost and hurt
 Could use some kindness there
 Along the road you travel
 Love's needed every where

So please accept this gift I give
 Strong, safe and worm
 To share with all the souls you reach
 Then they will pass it on.

THE THOUGHT

Angel Femia
 I hold a thought
 Then let it go
 In seconds time
 It's back
 Never leaving
 Never gone
 My image of you
 I wonder why it's here
 Or if you even know
 I'm thinking of you
 Welcome to this love
 To think of you this way
 Once again, I'm insecure
 I stop
 Then from no where
 I turn my mind
 And send you a thought
 But no sooner then
 My love, it's here again
 The thought is you and I.

Thank You

Angel Femia
 Thank you for the love
 You've given me today
 I feel so worm and cared for
 No fear is in my way

Thank You for the message
 Of how you hold me dear

And through my thoughts, I send to you
 A message just as clear
 I Love You!

PLEASE FORGIVE

Angel Femia
 I looked into your eyes
 Saw your love for me
 Scared, I ran away from you
 I left you standing there
 I felt your love around me
 Please forgive my fears
 I shut down so quickly
 Please forgive my tears
 I hurt you so, I felt it
 Please forgive

I know not how to react
 What now shall I say or do
 I want to run right to your arms
 But it terrifies me so
 And I don't wish to hurt you
 I know that's what I'll do
 As I continue to turn
 I want to turn around
 Please help me understand
 Please forgive me.

.....
 Blessings and Love
