LoveCry

I felt you
As you seduced my mind
Seduced my body
And projected your love

I felt you
As you told me your dream
Made like you cared
Covered my life

I felt you
As your fear began to swell
As it took you over
And you decided to go

I felt you
As you seduced another
Just to spite me
And gave yourself to her

I felt you
As your heart grew cold
You turned away from me
Then shut the door

I Felt You

Pay Back
By Angel Femia
You should be ashamed
Of your heartless actions
Your cruel intentions
And your hateful attitude

You should turn you brain off
And get a grip
On what and how you think
And that those thoughts are projected

Don't you know
That whatever we think

Can be felt by
The ones you are thinking about?

Don't you know
That our should send out
Energies directed by our thoughts
And negative thoughts hurt?

Don't you know
That what we think of others
Will come back to us
In the same way?

You should watch you back
As the time will come
When it's your turn for karma
And pay back's a BITCH!!!

Large Ball Of Fear!

By Angel Femia
Do you see the sadness?
Do you see the tears?
Do you feel the heartache?
Are you even alive?

I see you sadness
I see your tears
I feel your heartache
But you don't

Don't you even wonder
Why People like you at first
But then they get to know you
Then just turn their backs

I know why you're so cold
You are one large ball of fear
Hiding your broken heart
Especially to yourself

Do you see the sadness now
Or are you shaking in your boots
As I can see right through you
I was once a poser too!

Your Next Fix!

By Angel Femia
Sliming up the dusty strip
You drag your ass around
The pain's a bitch,
You're scraping, sketching hard
Your brains hit bottom load
Screaming at the dealers
Spare a hit

They look at you
No mercy today
You get the denero boy?
Your eyes shine, turns grey
Just dies, a rusty lair
Bitching and nagging, grinding in pain
You drag your ass further

Heavier and harder it is, to take
The next few steps
You've got one goal
You need that fix
But nobody cares
Your desperation kicks in,
And you take out your blade,
Your knife slipped, as the blood drips!

Ego and Lies!

by Angel Femia
Crack, crack, crack
Pop, pop, pop,
That's how it feels
When I hear you talk

Cheap are your words
Nothing said true
Stories so wild
The hero's always you

You're always being told
To shut your trap
But you never here
Till someone grabs the bat

You're gonna beat this one
And slice up that
You're gonna be the tough guy
That wears the king's hat

No one's listening
To your glory song
Just turning their backs
Your kingdom is gone

Crack, crack, crack
Pop, pop, pop
It all slows down
When I see you walk.
